

## Activities

### > Expert in imaging

Laboratory service,  
Equipment supplier,  
Support (Maintenance, After-sales, Training)

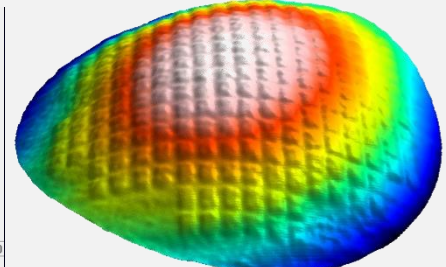

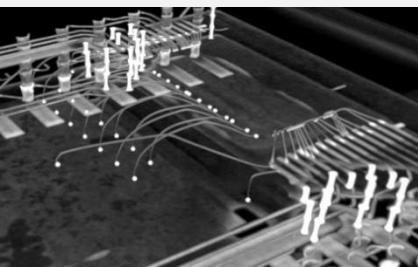

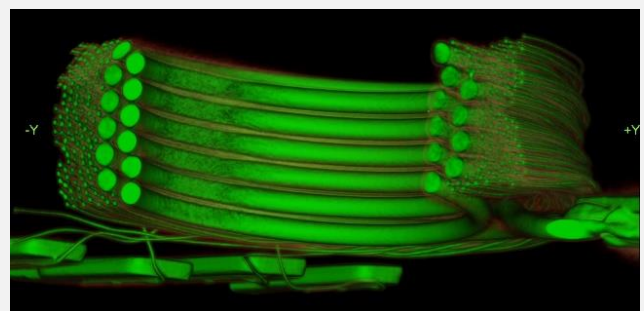

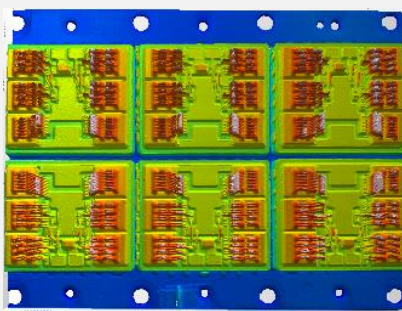

### > 5 Imaging Technologies

X-ray Radiography - 3D X-ray Tomography,  
Acoustic Microscopy SAM  
Thermography IR LIT, X-ray Fluorescence  $\mu$ XRF  
Thermo-mechanical deformation TDM - warpage, CTE

### > Large Field of Application

All materials, assemblies or products  
Innovation, Design, qualification - reliability,  
Production, quality, customer return, legal expertise

Laboratory Equipment Support
